**Application for Review of
UNDERGROUND STORAGE TANK
INSTALLATION PLANS and SPECIFICATIONS**

DATE: _____

FEE: _____

This application will not be accepted unless completed in full and accompanied by plans containing an illustration of the proposed site and the positioning of all tanks on site (proposed and existing or pre-existing) with relation to other structures of significant land marks, in addition to the following information:

- If used, include information on corrosion protection devices and leak detection or monitoring systems
- Position of monitoring wells to be included in site sketch
- Depth to high ground-water level and the date of (or source) of water level determination at the site
- Distance to known surface water bodies within 2,000 ft.
- The plans must be dated and signed by the preparer (no technical 'qualifications' necessary).
